MADE FROM RECYCLED PLASTIC WATER BOTTLES / P.E.T. - BPA FREE

Key Points for the Commerical Grower

- Reduces wind blow over in can yards
- Prevents roots from circling
- Can be used with potting machines
- Stacks great on trucks for shipping
- No trunk wrap needed - no sharp edges
- Great for above ground growing
- Great for pot-n-pot & field liners
- Creates dense fibrous root structure

Key Points for the Hydroponic Grower:

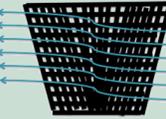

- Shorter vegetative cycle
- Produces bigger yields
- Promotes dense vigorous root growth
- Works great with ebb & flow
- Promotes beneficial biology
- For soil and soilless gardens
- Ideal for growing edibles
- Quicker transition to hardening off cycle

Breathability & Structural Make-Up of Plastic vs. Fabric Pots

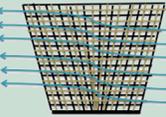

Black Plastic

- Air hits sides and rebounds off
- No breathability

Root Pouch Boxer Brown Line & Chameleon Line

- Made of P.E.T.
- Air flows through fabric.

Root Pouch Degradable Pots

- Made of P.E.T. & natural fibers
- Air flows through fabric

pot-n-pot & stand-alone

easy to carry

Overall Benefits:

- Pots can be washed, sterilized & re-used
- Creates insulation from winter cold
- Allows roots to cool in summer heat
- Allows air & water to freely pass through
- Great with drip systems and overheads
- Decreases risk of transplant shock
- Perfect for aquatic plants
- Will withstand UV rays
- Stronger healthier starts
- Better use of water and nutrients
- Quicker growing times
- Better Drainage

Environmental Benefits:

- Pots will breakdown in landfills - unlike their fabric and plastic counterparts
- Made of recycled materials
- Leaves a smaller carbon footprint
- Reduces amount of plastic water bottles entering the landfills
- Requires less fuel to ship than plastic
- Requires 40% less storage than plastic
- BPA free

THE LINE UP

Made of recycled water bottles

BOXER COLORS non degradable

Black Degradable 4-5 years

Grey Degradable 3-4 years

Cameleon Line comes in 7 patterns

Also Available:

- 18-24 month bags
- 15- 20 month bags
- Net pot inserts
- vertical pouches
- erosion control sacks
