

Guerilla Juice Product Sheet

Guerilla Juice

Organic liquid fertilizer NPK : 5–1–5 + balanced quantities of Zn, Cu, Ca, Mn, Mg, S, Si and Fe.

Available in 500 ml. bottles.

Guerilla Juice helps to maintain your soil life in optimal condition. You need a healthy soil for healthy plants and Guerilla Juice helps you to achieve this. Guerilla Juice is for use in the growing and in the blooming cycle

With its high content of trace elements and sugars, Guerilla Juice works in symbiosis with beneficial soil bacteria and mycorrhizae fungi.

Guerilla Juice is produced using only ingredients that are approved by the Soil Association.

Guerilla Juice is approved as an organic fertilizer for use with all crops. Guerilla Juice contains no animal parts or products.

Guerilla Juice contains alfalfa meal, mixed molasses, kali vinasse, silicon oxide and rock dust as a basis for available micronutrients.

Directions for use:

Dilute 2 ml of Guerilla Juice per liter of water for each watering, or use Guerilla Juice as part of the Biotabs organic growing and flowering method as indicated in the growing manual.

The solution may be stored for two days.

Shake very well before use

Store in a cool and dry place. Keep out of reach of children. Not suitable for consumption.

For optimal results, combine **Guerilla Juice** with beneficial soil bacteria and mycorrhiza fungi from Biotabs.nl, such as **Bactrex** and **Mycotrex**.
